

Down Life

My Ticket Home

[Verse 1]

Down life is all I know
I wanna see it
I wanna be there
No place to call my own
That's what I needed
I bleed away

[Chorus]

I'm chasing the life that don't exist
Hiding away inside my breath
You have cut me in so long
Nothing's right, nothing's wrong

[Verse 2]

Down life is all I know
I gotta [?]
Come take it from my own
Pick up the pieces
I bleed away

[Chorus]

I'm chasing the life that don't exist

Hiding away inside my breath
You have cut me in so long
Nothing's right, nothing's wrong

[Bridge]

[?]

I bleed away

[Chorus]

I'm chasing the life that don't exist
Hiding away inside my breath
You have cut me in so long
Nothing's right, nothing's wrong

[Outro]

Down life is all I know
I wanna see it
I wanna be there
No place to call my own
That's what I needed
