## My Ticket Home

I'm killing time  
Just wait and see  
No piece of mind  
No gravity  
I'm down low  
That's where I'll be  
Just killing time  
Time's killing me

I'm thinking I should be like you  
Tear me apart at the seams

Our blood is a virus  
We wade into it  
No love for our violence  
We aim to use it

I'm living blind  
That's fine with me  
Run for your life  
Right back to me  
Get down low  
That's where I'll be  
Just killing time  
Cuz time's killing me

Our blood is a virus  
We wade into it  
No love for our violence  
We aim to use it

I would need to escape  
(Blood is a virus)  
Take me far way  
(Blood is a virus)  
Lead me from this place  
(Blood is a virus)  
Help me play this game  
(Blood is a virus)

Our blood is a virus  
We wade into it  
No love for our violence  
We aim to use it
