I'm killing time
Just wait and see
No piece of mind
No gravity
I'm down low
That's where I'll be
Just killing time
Time's killing me

I'm thinking I should be like you
Tear me apart at the seams

Our blood is a virus
We wade into it
No love for our violence
We aim to use it

I'm living blind
That's fine with me
Run for your life
Right back to me
Get down low
That's where I'll be
Just killing time
Cuz time's killing me

Our blood is a virus
We wade into it
No love for our violence
We aim to use it

I would need to escape
(Blood is a virus)
Take me far way
(Blood is a virus)
Lead me from this place
(Blood is a virus)
Help me play this game
(Blood is a virus)

Our blood is a virus
We wade into it
No love for our violence
We aim to use it
