

Anytime

Mýa

Hey boy, don't be anxious
I know it's been a hell of a wait but
Hope you know it's you that I choose
All this love it belongs to you
When you're stressed and tired
Let me ease your mind yeah

Anytime, you need love just call me babe
It's alright, I won't give your love away
On my mind tonight
Every day and night
On my mind tonight
All the time
Give it how you want it babe

Ooh, ooh ah

No more pursuin' or chasin'
Reward for all your patience
You deserve some praise yeah
Boy I'm so glad you came here
Anytime that you need my love
Only one that I'll give my touch
You've been waitin' long enough so

Anytime you need love just call me babe (Just call me babe)
