

Before U Say Goodbye

Mýa

But before you say goodbye
But before you say goodbye

But before you say goodbye
Tell me what I needed to know
Think of everything we've been through
Can't believe it's over

Before you say goodbye
How we really run out of time
Did we really cross that line to the point
Where we can return
Baby I am gonna miss you better
Never forget you
I am gonna miss your face
I am gonna miss the way you kiss me baby

Baby I am gonna miss you better
Never forget you
I'll be thinking of you ever single day

But before you say goodbye
Hold me one more time tonight
I don't wanna be alone
I don't wanna let you go
But before you say goodbye
Stay with me till the sun rise
I don't wanna be alone
