

Ready

Mýa

Boy your body's calling
It's hitting me up
Baby don't be stalling
Don't be late showing up
I wanna give it all
I wanna take it off
But you gotta put in work babe
'Cause I'm something like a boss

Seems like you're ready
Ready for me to give it all to you
All to you
So if you're ready
Then baby I'm ready
I know what's on your mind
And it's been on mine for awhile now

(For a while, a while, a while)
(A while, a while)
I wanna give it to ya
Give it to ya, babe
(For a while, a while, a while)
(A while, a while)
(Oh, oh, oh, oh, oh, oh)

It seems like you're ready
I wanna give it to ya
Give it to ya baby (Oh yeah)
I wanna give it to ya
Give it to ya baby (Oh)
But only if you're ready

I've been thinking lately
You might be ready [?]
Even if I haven't seen you baby
You always treat me like a lady
So you might be ready
(You might be ready)
And God might be ready
I know what's on your mind
And it's been on mine for awhile now

(For a while, a while, a while)
(A while, a while)
I wanna give it to ya
Give it to ya, babe
(For a while, a while, a while)
(A while, a while)

(Oh, oh, oh, oh, oh, oh)

It seems like you're ready
I wanna give it to ya
Give it to ya baby (I wanna give it to ya)
I wanna give it to ya
Give it to ya baby (Give it right now)
But only if you're ready

The only one who deserves my love
'Cause I... know you've always been ready
But I know when you're really ready
Are you're ready to receive every single part of my love
I want to see when you put in the work
I know for sure you'll be [?]
So when you're ready I will give it
Don't [?], just admit it
I can't wait till you're ready
'Cause I'm ready to get it

(For a while, a while, a while)
(A while, a while)
I wanna give it to ya
Give it to ya, babe
(For a while, a while, a while)
(A while, a while)
(Oh, yeah)

It seems like you are ready
I wanna give it to ya
Give it to ya baby (I wanna give it to ya baby)
I wanna give it to ya
Give it to ya baby (I wanna give it to ya baby)
But only if you're ready
