Mýa

I'm not available right now so please leave a message and I'll
return your call as soon as possible

Hey beautiful, it's me
Just returning your call
You're probably on the plane right now
I know we've both been hella busy lately so
Gonna be good to spend some time
We need it
Can't wait to see you
Have a safe flight
Make sure you hit me when you touch down
You know I'm waitin' for you
