

Hideaway

Mykki Blanco

Woppy jalopy bitch nigga
Bang with ten poppies
I used to roll with that posse
Parlay that X and the molly

But daddy dick like a donkey
Mykki, the feds, yeah they want me
Chapo I got you, don't worry
Niggas is thirsty
These niggas love controversy
They swear they kingpins in Rio
But really D-boys in Jersey
Put the head down and squirrel me
The nerve, they doin' me dirty
I'm finna slide with that pistol
Make sure to call my attorney
Fuck all these snitches, let's keep them rats in the kitchen
Put the cellphones and listen big shots with no pot to piss in
Niggas get narcissistic forget their place in the system
Fuck nigga mess with my digits
You bout to meet with them spirits, boy

Hideaway, he gone astray but come play today, if you wanna see me
Hideaway, he gone astray but come play today, if you wanna see me
Hideaway, he gone astray but come play today, if you wanna see me
Hideaway, he gone astray but come play today, if you wanna see me

Scoopin' that bootyhole
Workin' his?
We got some pornstars from Canada pickin' up a few kilos
I sip my cappuccino, got a phone call from Nino
He said some dudes from Little Haiti gave my name to his P.O
What the fuck Nino?
Why you bring me these troubles?
Another one of your stumbles gon' give this nigga a muzzle
Put his ass in the jungle
I know he just dug a tunnel
Don't make me call in the muscle
I hate when boys try to tussle and struggle
Crackin' my knuckles, Mijo go bring me a muffin
Been there stack up they ass, like shit ain't got repercussions
Fuck, they think that I'm bluffin'
Yeah, your queen, yo I'm buzzin'
Makin' deals with these stuntmen
Ms. Blanco give you a snuffin'
It's done
