

Interlude 1

Mykki Blanco

Cut me down
Oh, yeah, they cut me down
Cut me down
Oh, yeah, they cut me down never made a sound
Life in a back check never made a sound
Life in a back check never made a sound
You trust these guys?
I wouldn't really trust these guys
With open eyes they switch sides
Front connive

Oh, my God
Hold my heart
Where we start?
What's the plan?
Deal my card

We about to take this shit to the full extent
No matter what we get we takin' risks
We scrappin'
We about to take this shit to the full extent
No matter what we get we're takin' risks
We scrappin'
