

Behind

Myles Smith

Diggin' through memories, I've been pickin' up pain
Found all of our baggage, don't fit under this plane
Hard to carry it anymore, hmm, hm-mm, hm-mm
Hard to move forward when we're stuck in our ways
Like runnin' on empty in a high-speed chase
But I don't wanna run anymore, hmm, hm-mm, hm-mm

Oh, you know
It's time to let it go

So, let's set the past on fire
We could watch it burn all night
Leave it all behind
(Oh, oh, oh, oh, oh)
When the darkness turns to light
We'll be on the other side
Leave it all behind

Let's start a new life and get out of this town
'Cause who were there isn't who are now
We don't have to hurt anymore, hmm, hm-mm, hm-mm

Oh, you know
It's time to let it go

So, let's set the past on fire
We could watch it burn all night
Leave it all behind
(Oh, oh, oh, oh, oh)
When the darkness turns to light
We'll be on the other side
Leave it all behind
(Oh, oh, oh, oh, oh)

Let's forget our misery, the trauma and the sadness (Oh, oh, oh)
Take all of our history and turn it into ashes

So, let's set the past on fire
We could watch it burn all night
Leave it all behind
(Oh, oh, oh, oh, oh)
When the darkness turns to light
We'll be on the other side
Leave it all behind
(Oh, oh, oh, oh, oh)
Leave it all behind
