

## With You

MYMP

Not to worry on a rainy day  
There's a promise it will go away  
What a joy, what a sunny day  
Haven't you take the sadness away  
With you everything seems to go my way

Chorus:

Hold on to a beautiful day  
It will lift you up take you to the top  
Hold on cause it's here to stay  
To help you get through the day  
Everyday

Need a reason to the sound of that laugh  
There's a promise of sweet embrace  
What a joy found a friend in you  
Haven't you take away the blues  
With you everything seems to go my way

Hold on to a beautiful day  
It will lift you up take you to the top  
Hold on cause it's here to stay  
To help you get through the day  
Everyday

Pa ra ra ra ra  
La la la la la  
With you

Hold on to a beautiful day  
It will lift you up take you to the top  
Hold on cause it's here to stay  
To help you get through the day  
Everyday

Hold on to a beautiful day  
It will lift you up take you to the top  
Hold on cause it's here to stay  
To help you get through the day  
Everyday
