

# All Things Well

Myron Butler

Hallelujah, hallelujah  
God does all things well  
Hallelujah, hallelujah  
God does all things well

Some things we do not understand  
The way may not be clear  
But God knows and yes He has a plan  
So let faith replace your fear  
And say  
Hallelujah, hallelujah  
God does all things well  
Hallelujah, hallelujah  
God does all things well

There's no failure in my Savior  
He does all things well  
There's no failure in my Savior  
He does all things well  
There's no failure in my Savior  
He does all things well

All things, all things  
All things, all things  
He does all things well  
All things, all things  
All things, all things  
He does all things well

Behind your stone  
All things  
There's a silver lining  
All things  
God says I've heard your cry  
All things  
Now you must trust my timing  
All things

Every tear  
All things  
Every pain  
All things  
Is working together to make it well  
All things

Hallelujah, hallelujah  
God does all things well  
Hallelujah, hallelujah  
God does all things well
