

Right Now

Myron Butler

(Right now) you got us movin' by Your Spirit
(Right now) his promises are for those who will receive it
(Right now) if we ever needed Him before
(We do, we really do, we do)

(Right now) now is the day of salvation
(Right now) God is speaking to every nation
(Right now) if you ever needed Him before
(You do, you really do, you do)

(Right now) God, we're in need of a word from heaven
(Right now) Your children stand in need of a blessin'
(Right now) if we ever needed You before
(We do, we really do, we do)

It makes no difference what you're goin' through
God knows exactly what to do for you
Just call upon His precious name
And you will see a sudden change
He knows exactly what you need
If you believe, you can receive

(Right now) hey, if you only believe it
(Right now) hey, then you will receive it
(Right now) oh, if you only knew that
(We do, we really do, we do)

(Right now) oh, trust God and His word
(Right now) oh, He is gonna do it
(Right now) all you gotta do is just believe
(We do, we really do, we do) and you will receive, oh

It makes no difference what you're goin' through
God knows exactly what to do for you
Just call upon His precious name
And you will see a sudden change
He knows exactly what you need
If you believe, you can receive

(Right now) oh, if you wanna believe it
(Right now) oh, then you will receive it
(Right now) all you gotta do it just believe
(We do, we really do, we do)

(Right now) oh, hold to His promise
(Right now) oh, He will never leave you
(Right now) if you want it, if you want it, believe
(We do, we really do, we do)

(Right no) oh, if there's anybody out there
That know you need God right now
This is the time to give it to Him
Let Him work it, when will He do it?

If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now

If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now

If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now
If you believe it, I know you can receive it right now

Right now, right now
Right now, right now
Right now, right now
Right now, right now

If you want it, know that God will
He'll be right there
He'll never leave you
By yourself, oh
Trust in Him
Lean on Him
And watch Him do
Do what He said He would

Right now, right now
Right now, right now
Right now, right now
Right now, right now

Right now, right now
Right now, right now
Right now, right now
Right now, now

Right now, right now
Right now, right now
Right now, right now
Right now, now

Right now, right now
Right now, right now
Right now, right now
Right now, right now
Right now, right now
Right now, right now
Right now, right now
Right now, now

Right now, right now
Right now, right now
Right now, right now
Right now, right now

We do, we do, we do, we do, we do
We do, we do, we do, we do, we do
We do, we do, we do, we do, we do
We do, we do, we do, we do, we do
