

In My Sleep

Mystery Skulls

Cause you know I've been hearing your name around the town
Fucking makes me sick wish you would turn it down
And you're telling people I've been biting you (oh)
but you know that isn't true, you can't do this like I do

It's funny how you see it
Your vision narrow minded
I see you trying to fake it
But you know it isn't true

You can't do this like I do
I fucking wrote this in my sleep

I fucking wrote this in my sleep

How does it feel to know your songs are all a joke?
While you try to sing we're laughing as you choke
You keep telling people I've been biting you
but you know, and I know that isn't true

It's funny how you see it
Your vision narrow minded
I see you trying to fake it
but you know it isn't true

You can't do it like I do
I fucking wrote this in my sleep

I fucking wrote this in my sleep

You can't do this like I do it
Because I wrote this in my sleep

I fucking wrote this in my sleep
