

One of Us

Mystery Skulls

I said, even if I told ya
They've been looking for you, we're on to you
Darkness is my signal
So what do you to me, and what do me to you?

Are you one of us?
Are you one of us?
Tell me, are you one of us?
Said, are you one of us?

I know that this sounds crazy
Waiting for this moment, can you see me?
'Cause I know that you're out there
This darkness is my signal, come and find me

Are you one of us?
Are you one of us?
Tell me, are you one of us?
Said, are you one of us?

Are you one of us?
Are you one of us?
Are you one of us?
Said, are you one of us?
