Every night I have the same old nightmare
I ca not escape
A horrible, bloody, hellish and insane dream
Endless torment
In my obscure mind I see iniquity visions
Foolishness
Afraid by an eternal spell
I will die

Under the sign of Beelzebub
I'll be crucified
I'll never can fight against the ancient prediction

Domination
Power
Malefic sorcery

7 wizards and 7 witches write my destiny
Unholy writing
I am captive an immense pentagram
A great offering
They are marking my body with mythological signs
Adoration
I feel the power coming through my mind and controlling my soul
Possession

A twisted mind tormented by a satanic incantation
I kill eternally to live in the depths of Hell

Suffer under the illusion that I killed many people
Insane murder
Ripping virgins and killing miserable christians

Breaking the spell
Spreading my fever upon the weak
Hear my death call
