

Cursed Excruciation

Mystifier

I've suffered in the name of god
His words serve me as consolation
For a life of martyrdom and pain
I've lived like a slave of my god

Oh Satanas save my soul
Free me from this nightmare
I'll obey your laws
I won't underestimate your wisdom

Now i'm going to break the ten commandements made on stone
And despise the seven words of christ
Oh Satanas, now U want only serve thee
Thou art my new lord who will instruct me

O satanas save my soul
Free me from this nightmare
I'll obey your laws
I won't underestimate your wisdom
