

# Lightning Fire Magic Prayer

N\*E\*R\*D

Sing the letter G  
Hmm, ok  
G...  
Lightning fire magic prayer  
Lightning fire magic prayer  
N.E.R.D

Light bulb, fire and cause of all that is  
There was, and will be, beyond beginnings and end  
The town, they say it's you, that starts the fire  
Without matches that will open desire

Live wire going through your body  
Burn the old make you a new  
It's a mystical experience party  
The universal connection to you  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?...

Lightning fire magic prayer  
Far beyond the gaseous layer  
What if we all put our hands in the air?  
For that lightning fire magic prayer

Sometimes, you may have to do unpopular things  
For them to see your faith lately go sane  
You may not refer to with my old name  
Long as you know from whence it came

Live wire go through your body  
Burn the old make you a new  
It's a mystical experience party  
The universal connection to you  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?...

Catch me out here...

They got that crazed look in their eyes  
Something in the water  
Everybody's in a trance  
Because the brainwash is high tide  
Something in the water  
You can tell me to dance

Wasn't everything that everybody promised  
Once you tried it, did you think that you could stop it?  
Everything has a cause, did you profit?  
You can't see your life until you sit and watch it

They got that crazed look in their eyes

Something in the water  
Everybody's in a trance  
Because the brainwash is high tide  
Something in the water  
You can tell me to dance

Playing fish doesn't know that it's wet, yeah  
Once it swims, it starts drinking, it forgets, yeah  
Know the fish bowl is your technology  
No direction sailing everybody follow me

Cause somebody burst it down  
We were the great, I am  
Cause somebody burst it down  
We were the great, I am

Come on now, lightning fire magic prayer  
Can't believe it's never been done  
Imagine if we once all hands in the air?  
For that lightning fire magic prayer...

Where do I begin?  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?  
Mad ethnic, mad ethnic  
Where do I begin?...
