Mad ethnic right now

Roll around the world like I do with my brethren  
All the pretty girls wanna be my heaven  
All you pearls and kings and queens  
Every time I turn around, I'm rollin' them 7's  
You should be considering  
Every time I turn around, I'm rollin' them 7's  
Recontinuing to smithereens  
Roll around the world like I do with my brethren  
If people take away your walk  
Every time I turn around, I'm rollin' them 7's  
You gotta keep it rollin'  
Every time I turn around, I'm rollin' them 7's  
You gotta keep it rollin'

Time Pterodactyls over all the way I see  
I notice fractals, clover, honey bee, that's why  
I kinda cackle, it be funny, see, haha  
I ain't an actor, well sometimes I be, action  
I got a gash on both my arms and knees, I be  
Blockin' Alaska, they be coldin' me, achoo  
I can't imagine the hood in harmony, I mean  
How can I bask in a bloody Sun if he don't see  
Me as a man? So I'm a hunted beast of him  
I panoramic, look around, I be on edge  
And eggshells, yeah I'm an omelette, a quiche  
I catch hell, they throwin' fireballs to me  
My bitch yell, pussy, leave my baby alone  
I'm like, look girl, get your ass inside, now gon'  
I would miss her if I knocked this piggy off  
But I deserve the same as white niggas, I thought...

Roll around the world like I do with my brethren  
All the pretty girls wanna be my heaven  
Every time I turn around, I'm rollin' them 7's  
Roll, roll, roll, roll, rollin' them 7's
