

Pay me
Switching sides don't play me
Don't play me, pay me

If you love me roll the dice now
Show me goodies I'll get iced out
Money got me by the waist now
Never love me I'm an icon
Love ya goodie from the inside out
I sing for money as a lifestyle
Bitches love me I get exiled
Never love me I'm an icon

You don't need to act innocent
Walk your ass right on up the stairs
I'm hoping you'll love me

Give me a reason
Doesn't mean I mean it
Loves a free v
Unless she needy
Undress and beat it
She taste like vegan
Fishnets and salmon
Fuck I envision
My bed IKEA
Fresh like Maria
10 mill no features
Just put your feet up
You made my night yea
I pay the price
She aight hmm
Let me see you fight

If you love me roll the dice now
Show me goodies I'll get iced out
Money got me by the waist now
Never love me I'm an icon
Love ya goodie from the inside out
I sing for money as a lifestyle
Bitches love me I get exiled
Never love me I'm an icon
