N.O.R.E.

This is
We built them up...
We want these artists to be these artists...
Like these new artists, start acting like the hardest...
Aye you get mad...
Cause he's acting like an artist...
It's exactly what he is!

Uh, it's just one of them days you rocked the big chain
Summer time no rain, you rocked the big chain
You just go to the club, you got the big chain
Walked through show love, you got the big chain
When you good in the hood, you got the big chain
Sun dresses is out, you got the big chain
And you hitting the corner, you got the big chain
Yeah you drink with the homies, you got the big chain

Momma used to call me Dick Cheney 'cause I never took my chain off
When I got my brain off
Live by my old hood, I drop cocaine off
Named my chain, "Chain Reaction"
'Cause when you see the chain, the chain start to flashin' (yo)
Yeah, everywhere I go this (yo)
Dangerous like unprepared blow fish (yo)
Your charm is whack, it ain't the same B
(Your shit don't shine, this ain't the same piece)
The jewellers go to jail for neglect
He froze when he saw what's on my neck
But I got your back, got the connect 'cause

Uh, it's just one of them days you rocked the big chain
Summer time no rain, you rocked the big chain
You just go to the club, you got the big chain
Walked through show love, you got the big chain
When you good in the hood, you got the big chain
Sun dresses is out, you got the big chain
And you hitting the corner, you got the big chain
Yeah you drink with the homies, you got the big chain

Alot of these dudes jewellers is lazy
Just like they clients, they diamonds fugaze
in the chain, they got it broke off
Smoke blunts in the front, we have a smoke off (smoke off)
Big chain, big charm since the 90's
Before the rocked the flatbush in the 90's
Big chains for the grimies
Shots of niggas that live shiny (Sierra Leone diamonds)
You see me alone shining, Sierra Leone diamonds
Away from the crib it's still shining (yeah!)

It's just one of them days you rocked the big chain
Summer time no rain, you rocked the big chain
You just go to the club, you got the big chain
