

Hustle Skit

N.O.R.E.

I'm addicted to the hustle
It's... the money don't even mean nothing no more
It's the hustle, like I actually
I can't not be busy
Like if I'm not busy, I jerk off too much
(Yeah, it's true, you gotta be busy
You end up jerking off, man)
Man, I jerk off a lot and I'm married, so it's crazy
You know, my wife go to work and shit
You be home alone like "I be feelin' me"
Fuck it
