N.O.R.E.

Uh

Life different though
Lot different yo
Uh, uh, SP Killer

I see these dudes they spaz for no reason
They go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason
I see these dudes spaz out for no reason
Go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason

We all brainwashed from the era of the social (media)
The only place a quiet person usually is vocal (yeah, yeah)
There he go, there he go, there's another rat again
Next week he's calm, there's a challenge for my man again
You see fame is a drug, they all want it (want it)
Fame is a drug, they all flaunt it
Shouldn't do it for the gram, should do it for the fam
Shouldn't do it for the likes, you should do it for your life (no reason)
But I'm a old guy, they don't wanna hear much of me (they don't wanna hear much of me)
I wish they all would listen and look up to me (look up)
But instead you on Twitter getting bitter
Shorty said she [?] and now you wanna hit her (no reason)
You should do unto those what you want done to you
Now she answering DMs and sonning you (like that)
Screenshot the whole conversation, now you wanna go to war over conversation
If blood ain't shared, you never had beef (had beef)
You would understand that if you were half street (wo ah ah oo)

I see these dudes they spaz for no reason
They go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason
I see these dudes spaz out for no reason
Go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason

Try and go one day of your life, without using your phone
You prolly feel awkward
Try to live one day without using the gram
You realise the mark of the beast was in your hand (yeah)
Two hands holding your phone it's like you praying to it
You don't even realise, you a damn slave to it
We used to go outside, to see what's happening
Nowadays they on Facebook, to see what's happening (no reason)
No newspapers, just blogs
People posting pictures of money, but no jobs (yeah)
Most people wanna act like they doing it
Instead of really putting in the work and really doing it (put the work in)
Gotta get it together before you ruin it
Keep screwing it, keep pursuing it (yeah)

Nowadays people see a person fall out
And won't give them a hand and pull they phone out
It's sad cause idiocracy (idiocracy), it's seeming like a prophecy (woah oah
oah ahh)

I see these dudes they spaz for no reason
They go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason
I see these dudes spaz out for no reason
Go on Instagram and they wil' for no reason
You gon threaten your fan for no reason (no reason)
You ask them why they do it, they tell you for no reason

Another day, it's all I got
I got my people right beside me, it's all I got
[?], it's all I got
To make me let go of them, it's all I got
Give me a reason, it's all I got
Give me a reason

Fuck your money (Hmhm)
Fuck your jewellery
Fuck your cars
Fuck all your bitches that you got (hmhm)
Them shit's don't make you cool no more
That's obsolete now
I'm establishing that in Hip-Hop
All that shit ain't fresh no more, fuck all that (boom)
That doesn't determined whether you're a man or not
You can have all those silly things and still be a chump
