If I'm not the one you want Take your time to figure out

I'm starin' at your picture every night
The scent of you still lingers in my mind
I wonder if you're 'lone and feel alright
And the sun has come out of the clouds

And sometimes when I listen to our song
The night seems so cold and far too long
I wanna call you up cause in the end
I keep writing letters to my garbage can

Lately, feels like I'm goin' crazy And baby come and lay down beside me

If I'm not the one you want
Then who's he
Take your time to figure out
You'll see
If I'm not the one you want
Then maybe
I'll be the one you need

I feel like it's on you I can depend Wish I could turn back the hands of time Enough of building castles in the sand Why can't we be forever

Lately, feels like I'm goin' crazy
And baby come and lay down beside me

If I'm not the one you want
Then who's he
Take your time to figure out
You'll see
If I'm not the one you want
Then maybe
I'll be the one you need
I'll be the one you need

If I'm not the one you want
Then who's he
Take your time to figure out
You'll see
If I'm not the one you want
Then maybe
I'll be the one you need

Somewhere in the back of my mind I know that you will be mine And somehow I wish I could rewind And leave all the worries behind

If I'm not the one you want Then who's he Take your time to figure out You'll see
If I'm not the one you want
Then maybe
I'll be the one you need
I'll be the one you need

If I'm not the one you want
Then who's he
Take your time to figure out
You'll see
If I'm not the one you want
Then maybe
I'll be the one you need

I'll be the one you need
I'll be the one you need
