

## If Only Through Heaven's Eyes

N'sync

I never thought you were a fairweather friend  
You never let me down, you're true to the end  
You're in the darkest hour, when all was lost  
Somehow you left the light on  
You faced the wrong and showed the world a thing or two  
Stood up for me, for you  
And you should know

Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes

I still remember the things that you said  
I keep your words alive I could never forget  
Cause in the final hour you made me proud  
So proud that I could know you  
You told the world its time that they believed in you  
You stood for right and truth  
And you should know

Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes

Only through heaven's eyes ...

And so we can't forget  
We've got to keep remembering them all  
The ones who took the fall  
They did it for us all  
And we should learn from it  
Stand up if you believe in it  
You've got to face the world ... be strong

Some say it wasn't worth the things we went through  
I say it ain't worth losing you  
I hope you know how much you've changed all our lives  
Someday you'll see if only through heaven's eyes
