Space Cowboy

N'sync

Riprock,AG
Come in, over
Yo, turn me up
I wanna be heard
See I'm talkin' about the future ya'll
And the future looks bright
'specially when we rip it in half

Here it comes (Millennium)
And everybody's talkin 'bout Jerusalem
Is this the beginning or beginning of the end
Well, I've got other thoughts my friend

See I've got my eyes on the skies
The heavenly bodies up high
And if you're in the mood to take a ride
The strap on a suit and get inside

Chorus

If you wanna fly, come and take a ride
Take a space ride with the cowboy, baby
If you wanna fly, come and take a ride
Take a space ride with the cowboy, baby
Why-yi-yi-yippie-yi-yay-yippie
Whi-yi-yi-yippie-yi-yay-yippie

We don't need all these prophecies
Tellin' us what's a sign, what's a sign
'Cause paranoia ain't the way to live your life from day to day
So leave your doubts and fears behind

Don't be afraid at all
'Cause up in outer space there's no gravity to fall
Put your mind and body to the test
'Cause up in outer space it's like the wild wild west

Chorus-repeat

Boom and never let you try and stop me
Born to fly sky high, up to the top see
Nothing to fear, no doubts and no tears
Millennium sound to motivate the future years
And you can either be scared or get prepared
Against all odds I bet you never would've dared
To make these moves and take a flight like me
To come through for the world prophecy
Space connect to overthrow your interception,
Ready or not, make it hot
That ain't no question
Get *NSYNC and put your head to the sky
Keep the faith
One love from Left Eye (Left Eye)

Chorus-repeat

Riprock, Ag end of transmission

They've had enough
