Nabiha

Laser lights painted sky  
I was in the crowd when you found me  
Goosebumps when you found me (yeah yeah yeah)  
Lust on sight, endless nights  
You knew just what you wanted  
I'm what you wanted

Kissing on your neck  
Kissin' kissin' on my body  
Way you throw me back  
Throw me back to where we started

I remember us together  
Looking back when we were young  
Smashing bottles into diamonds  
And you trapped me in your arms  
Dancing in the headlights  
Felt like the sun  
I remember when told me  
It would always be us  
Back when we were young

Back when we were young

Still get a rush heart still jumps  
You were right when you told me  
Drunk talking reality yeah yeah yeah  
Here we are look at us now  
So consumed with the fun of it  
Can't get enough of it

Kissing on your neck

Kissin' kissin' on my body  
Way you throw me back  
Throw my back to where we started

I remember us together  
Looking back when we were young  
Smashing bottles into diamonds  
And you trapped me in your arms  
Dancing in the headlights  
Felt like the sun  
I remember when told me  
It would always be us  
Back when we were young

Dancing in the headlights  
Felt like the sun  
I remember when told me  
It would always be us  
Back when we were young

Back when we were young

Dancing in the headlights  
Felt like the sun

I remember when told me  
It would always be us  
Back when we were young

Dancing in the headlights  
Felt like the sun  
I remember when told me  
It would always be us  
Back when we were young  
Back when we were young
