Deeper Well

If I fell Down a big hole Would you tell How do you know It's a deepening well Like the big o I know, I know It's a bad scene to be whole It's a bad dream I hope Marie Marie To feel, to feel They're following me Marie Marie Go If I painted a tear Would you figure it out Would it make matters clear Would it shed some doubt It's been happening for years It's a roundabout I know, I know It's a bad scene to be whole It's a bad dream I hope Marie Marie To feel, to feel

They're following me Marie Marie To feel

Pull back from the front There's a bigger gap than you thought A bigger trap in which to be caught

I've got to get away from the bricks All these straight lines are making me sick
