

## From the Rooftop Down

**Nada Surf**

Looking from our rooftop down Bright yellow Danish plastic plates  
I nearly got pulled out of this but I'm back First go swim in  
a woody lake

Back to my room After a Chaplin film in school You were reaching  
down my pants And Roxanne sounded scary

On my first mission years before Before sending me out the door  
My dad said: "Turn left in third avenue and walk four blocks"

I turned right And walked a long time It's complicated out here  
And you know it
