

## Losing

Nada Surf

I am losing, losing love  
I am losing, the air above  
I have lost all there is  
I have lost what never was

I am losing, losing time  
I am losing what I could find  
I am dreaming what could be  
I am dreaming fool is me

I am drifting, I'm a cloud  
I am bending, I am bowed  
I'm just static in the air  
Dissipating and I don't care

I am losing, losing you  
I am losing, losing you  
I am lost, lost in love  
Love is laughing from above

But this is just today  
It will go away

I am drifting, I'm a cloud  
I am bending, I am bowed  
I'm just atoms in the air  
Dissipating and I don't care

I am losing, losing time  
I am losing all I could find  
Am I dreaming? What could be  
Am I dreaming? Fool is me
