

# Nothing

Nada Surf

I didn't do anything today  
Lazyhead  
I didn't do anything today  
Stay in bed  
I'm finally doing what i said i'd never do  
I'm doing nothing  
I'm doing it for you  
And you will admire the ultimate courage  
When i throw everything right in the garbage for you  
I didn't say anything today  
Nothing said  
I didn't think anything today  
Emptyhead  
I'm finally doing what i said i'd never do  
I'm saying nothing  
I'm saying it at you  
And i will get helpers i'm recruiting them now  
I'll show them nothing to do i will show them how  
And we will do nothing  
We'll do it together  
I don't care when we get through  
We'll do it forever for you
