

# Rushing

Nada Surf

I shut down  
I don't know why  
Thought I didn't need  
Another star in the sky

I closed off  
Thought I didn't have rules  
For the risk it will take  
What I thought I could lose

You come rushing at me  
And I forget my body  
You come rushing at me  
And I forget my body  
You come rushing at me  
And I forget my worries

Human river  
I watched it go by  
I set on the banks  
Solitary and dry

I replayed  
The films in my life  
Thought I'd come to the end  
I told myself it was fine

And you - you let me in and  
I - I let you in and  
We - we are transported and

You - you let me in and  
I - I let you in and  
We - are elevated

Finally I got it

You come rushing at me  
And I forget my body  
You come rushing at me  
And I forget my body  
You come rushing at me  
And I forget my worries

I haven't landed  
Since I don't know when  
And now I feel like  
I can breathe again  
I see the street lights  
Land on your skin  
Land on your skin

You come rushing at me  
And I forget my body  
You come rushing at me  
And I forget my body  
You come rushing at me

And I forget my worries  
I haven't landed  
Since I don't know when  
And now I feel like  
I can breathe again
