

without me (sera)

Nadhif Basalamah

She lied about reasons
Why we broke up
She left me all alone
Now I'm broken
Traumatized from the past
Now I'm frozen
Missing good times
That we had

Now we're strangers again
Now we're strangers again

She said goodbye in
Such sweet line
She told me we're good
Truth we're not
Having to realize it's ending
Now I feel so much less

Oh it shows my whole mess
Oh it shows my whole mess

'Cause I've been so curious
'Bout the things that you'd do
That made you forget me
'Cause I've been losing sleep over you
Now I know how it was
So easy for you
To let go of my hands
And go without me
Go without me

She's kept me up these
Past few months
Thinking of what
Could be done
Was I the reason
For all this
Was it because of me

'Cause we're strangers again
Now we're strangers again
Now we're strangers again

'Cause I never thought
We'd end up like this
You showed me how happy I can be
And now you take it all away from me
But then I realised
You're happy without me
But that doesn't mean

That I would love you less
That I would love you less
I won't love you less
I won't love you less
I won't love you less

I won't love you less
No I won't love you less
