

## Hanging On

Nadia Ali

Try and try  
To forget me tonight  
Carry on  
The moments you deny  
I will not repeat  
The things you've said  
When I think of them  
I must forget  
I can't believe  
The faith I had in you  
Move along  
Carry on  
I can't keep it  
Hanging on  
Move along  
I'll be gone  
I can't keep it  
Hanging on  
Hanging on... hanging on...  
Time will pass  
But it will linger on  
All the reasons  
You held will be gone  
Tell me once again  
I could be wrong  
Didn't you once say  
You won't go on  
All the things you said  
Meant nothing true  
When you burn the bridge  
You can't return  
Every season  
Lessons the concern
