

# All Of My Love

Nadia Reid

You took me to the van  
You asked me to love you over again  
I can't explain it  
Deeper than words  
Is our love

Driving us home over the old road  
That your father drove your family on  
Something about starting a family  
A girl for your mother, a boy for me

Then something becomes familiar  
You saw it in her eyes  
You will see it again  
All of my love  
Is staring at your heart  
I don't want to believe in it  
I don't want to be apart  
From our love  
From our love

I feel that you are changing me  
I cannot decipher exactly what that means  
Something about how that baby came  
It's made in the summer, start over again

And all of my love  
You have all of my love

Then something becomes familiar  
You saw it in her eyes  
You will see it again  
All of my love  
Is staring at your heart  
I don't want to believe in it  
I don't want to be apart  
From our love  
From our love

From [?] to Stansted  
I kept you closer to me
