

# Changed Unchained

Nadia Reid

Did we get it right? I wonder  
Did I hold the light? I see it now  
It wasn't anybody's fault

I mark the time between us in a line  
Rhyme or reason, if you like

Changed by her melody or were you chained by the memory  
Who's to know?  
Changed by her melody or were you chained by the memory  
Who's to know?

That pain is a faint memory I'm making  
It's ours not only for the taking  
Right

Because you walked toward me  
I am transcended in your light

Changed by her melody or were you chained by the memory  
Who's to know?  
Chained by her melody or were you chained by the memory  
Changed by the melody  
Who's to know

Right on  
Right on, baby  
Right on  
Right on  
Right on  
Right on, baby

Right on  
Right on, baby  
Right on  
Right on  
Right on  
Right on  
Right on, baby  
Right on  
Right on  
Right on  
Right on

Right on  
Right on  
Right on  
Right on  
Right on  
Right on...
