

My Sexy Love Affair

Nadine Coyle

Baby, come on, take a ride
You don't have to decide
We'll go wherever, let's go, huh
Roof-top down and music up
Let's find a hidden spot
Let our feelings take control

So sweet
You got what I need
You make me dizzy

1, 2, 3, yeah, you got me and the rest is history
I suck at math but I know, huh
That 5, 6, 7, I'm in heaven every minute, every second
I'm thinking where this could go
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, can't take you anywhere

Tell me your fantasies
Everything you want from me
I'll see what I can do
Nobody has to know
Promise you won't let it show
Just you and I know the truth

So sweet
You got what I need
You make me dizzy

1, 2, 3, yeah, you got me and the rest is history
I suck at math but I know, huh
That 5, 6, 7, I'm in heaven every minute, every second
I'm thinking where this could go
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, can't take you anywhere

Don't wanna wake up in the morning without you
Don't wanna have another dinner without you
No matter what I'm do, I'm thinking about you
My sexy love, my sexy love affair
Don't wanna hear another song without you
Don't wanna read about love without you
You're my best kept secret, it's true
My sexy love, my sexy love affair, yeah, yeah (Sexy, sexy)
Ooh (Sexy, sexy)

So sweet
You got what I need
You make me dizzy

1, 2, 3, yeah, you got me and the rest is history
I suck at math but I know, huh
That 5, 6, 7, I'm in heaven every minute, every second

I'm thinking where this could go
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, can't take you anywhere

You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, love affair, love affair
You're my sexy love affair, can't take you anywhere
