

Glow

Nadine Lustre

Lights cameras flashing
Gimme that action
Lights cameras flashing
Whatcha know about passion?

Feeling like a diamond
It's astounding
Now that I have found it
I can't let it go
Fire it up, I light it
Time to set it off

Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that

Think you really know everything, but you don't
(You know me, but you don't)
You'd do anything just to get what you want
(Should've known from the start)
Tryna slow me down
Why you tryna slow me down, yeah

Y'all can't see me now thru the glass and the smoke
(All the shit that you spoke)
Not that kinda girl that you think you control
(Best believe that I'm bold)
Try to slow me down
No, you can't slow me down, yeah

Don't you kill my vibe
Cause you can't stand me shine
Got the Midas touch
Now see them taking sides
Push me off the edge
So you can watch me fly

Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Give me that chance to glow

Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that
Gimme that chance to glow
Gimme that, Gimme that, Gimme that

Give me that chance to glow

Baby, what you want me to do?
I don't have to listen to you
Baby, I just need a minute or two
Cause it's what I'm tryna do
What I'm tryna do

Baby, what you want me to do?
I don't have to listen to you
Baby, I just need a minute or two
My journeys not for you

Gimme that, Gimme that, Gimme that
Gimme that, Gimme that chance to glow

Gimme that, Gimme that, Gimme that
Gimme that, Gimme that chance to glow

Gimme that, Gimme that, Gimme that
Gimme that, Gimme that chance to glow

Chance to glow
Chance to glow
Chance to glow
