Intoxicated

Nadine Lustre

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

You made me drink too much
Don't wanna think too much
I'm in the bank too much
I never gave two fucks bout you

Kitty girl come out to play
Alter ego takes the stage
Tell the devil not today

Get the fuck out of my way
Swear you better not delay
Tonight we make the great escape

Couple o' bottles of wine
Hustling dollars, I'm wired
Can you keep up with my high?
Can you keep up with my high?
Yes

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Intoxicated got me feeling high
Read between the lines
Make me feel alive
Make me feel

Finally got my pradas dirty
All night we gone
We gone oh oh

Body on me stimulated
Good night we gone
We gone ohh oh oh

Couple bottles of wine

Hustling dollars I'm wired
Can you keep up with my high
Can you keep up with my high

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Let's just turn things up a notch
I don't really wanna stop

Intoxicated got me feeling high
Read between the lines
Make me feel alive
Make me feel

Intoxicated got me feeling high
Read between the lines
Make me feel alive
Make me feel

Intoxicated got me feeling (Yes)
I don't really wanna stop (Yes)

Intoxicated got me feeling (Yes)
