

6 Seconds

Naethan Apollo

Hello! (Hello! Hello!)

You're like Saturday morning cartoons
That's a channel that I'll never flick past
In a world so full of bad news
I take a look at you and never look back
Let's just relax, right here for today

Please don't go too far away (far away)
'Cause

One, two, three, four, five, and six
Seconds go by 'til I miss you
'Til I miss you, miss you, I do
My doctor says I'm sick
The only cure is to kiss you
So I kiss you and kiss you again

I saved a seat for you on the futon inside of my heart
It's a futon 'cause a couch was too expensive!
I feel too weak to eat a piece of you, might tear me apart
But I would die just for a taste of your affection

It's official! I'm addicted!
Need your love in my existence!
I'm a sucker! I can't fix it!
But why the fuck would I wanna fix it?
So would you listen, for just a moment
On what I'm trying to say?

Please don't go too far away
Far away

One, two, three, four, five, and six
Seconds go by 'til I miss you
'Til I miss you, miss you, I do
My doctor says I'm sick
The only cure is to kiss you
So I kiss you and kiss you again

One, two, three, four, five, and six
Seconds go by 'til I miss you
'Til I miss you, miss you, I do
My doctor says I'm sick
The only cure is to kiss you
So I kiss you and kiss you again
