Naethan Apollo

Holy fucking shit it's hot in here  
Damn, damn, it's fucking hot in here  
Alright, take 7

Hello!  
Look, I just wanna talk  
Here we go

Hundred million dollars to my name  
Sike, that's insane  
It's more like a hundred dollars to my name

I'm on my way to be famous  
I'm on my way to be famous  
I'm on my way to be famous  
I'm on my way to be famous

What a shame  
What a shame  
What a shame, what a shame I

Don't know who to blame, I don't know who to call  
When I notice that it all ain't the same I  
Ain't moving out to the bayside  
Just to get tossed to the waste side  
Calling up my girl on FaceTime  
Telling her I wish was home

I'm on my way to be famous  
I'm on my way to be famous  
They all would say I'd be nothing  
Then say you can't really blame us  
See, I just want to be something for someone  
Just once, is that too much?  
Do I want too, much?

Always had a reason not to have a reason, so I went and got it  
Predicted my success, I got my profit  
I guess that's why they call me Apollo  
I know, hard concept to follow  
A P O L L O  
I don't know no fellow  
Quite like me, it's true  
We all play the game of life  
But my life is not a game for you to play with  
So get it right

And I can't knock it  
But ever since I got here, I got hella hands in my damn pockets  
And while they're at it  
They can take my fucking money if they want it  
I don't want it, it's too problematic  
I got something more valuable  
I got something more valuable, it's true  
What's all the money in the world  
If life is worthless without you?

I'm on my way to be famous  
I'm on my way to be famous  
They all would say I'd be nothing  
Then say you can't really blame us  
See, I just want to be something for someone  
Just once, is that too much?  
Do I want too, much?

Do I want too, do I want too, do I want too  
Much, much, much, much?  
Do I want too, do I want too  
Much, much, much, much?  
Do I want too, do I want too  
Much, much, much, much?  
Do I want too, do I want too  
Do I really want too?
