

# Will You Sing Along?

Naethan Apollo

I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Hello

I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along, I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along  
Will you sing along?  
Will you sing along?

Look, I mean it, cause I said it  
Life's a crazy story don't regret it once you read it  
I wake up with a passion, go to sleep and don't forget it  
I ain't moving with the masses, so I don't know where I'm headed, I can't  
Promise you that nothing bad will ever happen  
But I know that if you fall you're gonna fight back with a passion and  
If you don't get up I'm gonna have to take some action  
I'll be dead or under hell 'fore I stop handing out the rations  
I got love to go around  
I know that people need it more than me I'm not got let you frown  
I got your back, I promise, you know I won't let you down  
I wish that there was more that I could do for you now, but

I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along, I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along

Will you sing along?  
Will you sing along?

I'm sick of all these negative minds  
I wish that I was treated like a regular guy  
But at the same time  
I don't wanna be a regular guy  
Life's a feast, I wanna cut myself a piece of the pie  
And so here I lie  
And here I stand  
With my head full of drive and got my dream in my hands  
And I ain't here for the bands  
I'm here for the fans  
The ones who bump all my jams  
Cause I ain't gonna stop soon  
I'll work when it's 8 O'Clock, 9 O'Clock, 10 O'Clock, Noon  
I know I got a good life ahead  
I'll stop when I'm dead  
Let's go

I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along, I can  
Sing a song  
Rum ba-bum bum  
I can beat up on the drums  
Let loose and go dumb, I can  
Sing a song  
Rum ba-bum bum  
But will you sing  
Will you sing, Will you sing along  
Will you sing along?  
Will you sing along?
