

# Big Racks

Nafe Smallz

Get a lot of money cost a lot of fucking money right now  
Big racks if they want something from me  
Found me deep in these streets, now I hit these streets  
Big racks got a water all on me  
She just wanna fuck one night, one night, that's cool  
Never let 'em get cosy  
It's meant to be summer outside, it's icey (ice)  
My heart ain't pumping it's frozen  
Get a lot of money cost a lot of fucking money right now  
Big racks if they want something from me

Missing my cheques my cheques reinvest  
Mum tried her best, still grew up with less  
I was out slanging that [?]  
[?] nothing ain't left  
We put machines on the corners  
Came back [?] and the shit got finessed  
You can imagine what's next  
Had n\*ggas rocking bulletproof vests  
The money change while we ain't changing now I get paid 10k for the set  
Looking like you up in debt  
Gotta wake up and hustle that cheque  
She wanna fuck with a real one  
I ain't got time so she just get vexxed  
Stubborn ain't give me no head  
I just fuck around, fuck with her friends

Freestyle but you know the style ain't free  
Big racks so you know the time ain't cheap  
She suck good when she get high on weed  
I love it when her pussy cum nice and neat  
Body set good, she ain't missing no meals  
When she rock passed me I just kiss my teeth  
Shooter, I don't get in beef

Just smoke boys like I'm with Swift and Sleeks  
[?] selling that coca  
Trap shit sleeping on the sofa  
Get the money and the hoes coming over  
And you're broke down even won't know ya  
Say you ain't shit popping like Nafe  
And she ain't even popping like soda  
Got the hittas with me like I'm Young Sosa  
Feds know I got the hood on my shoulder  
I'm like Jesus  
Tell a nigga she need it  
But she's talking 'bout semen  
I jeet it  
I said I won't leave it, right before I'm leaving  
No secret, I've been a Pharoah, Egypt  
And I'm making my prescript  
No Adidas, n\*ggas are in straps and Fila's  
Still the 90's realist, yeah
