

## Eastside (Interlude)

Nafe Smallz

Bones I made I turn it into dust  
I can see the diamonds through the rust  
I sit in the rain makes me feel alive  
They see me shining and they're wondering why  
I've seen the fire now I'm dreaming I...

Still out on the block  
Most my friends turned into opps  
We can get em by the block  
Turn up on the pagans spot

It's 3am and she can't wait  
You can come but you can't stay  
Phone me when you're on your way

Eastside where I stay  
Eastside where I stay  
Northside where I'm raised  
Northside where I'm raised  
Eastside where I stay  
Eastside where I stay  
Northside where I'm raised  
Northside where I'm raised

Still out on the block  
Most my friends turned into opps  
We can get em by the block  
Turn up on the pagans spot

It's 3am and she can't wait  
You can come but you can't stay  
Phone me when you're on your way  
Phone me when you're on your way
