Still ganging and dancing and twist  
Summertime and niggas dying outside, boy, this is London in its blitz  
Touching up road like "Where should we go? Wanna spend some money, I'm bored  
"  
Some of them hoes, send 'em back to the yo, tryna whip me a project on tour

Broke jewels, no tools, could never be us (Ice, ice)  
No racks, no packs, could never be us

No bangers, no hammers, could never be us

Billin' a cone  
Givin' a loan, loan  
Still in the zone, she killing it, no clothes on  
If I put all this ice on, you could see it through the five-percent tints  
We put the suicide doors on the Wraith, we ain't looked back since  
Oh, she bad  
Now she fucking, she sucking, she let me taste her when she cumming, I'm in  
my bag  
I keep on runnin' the money up, I ain't trippin' over commas, I'm with my ga  
ng (Gang, gang)  
Straight back to the hills, ain't no neighbours (No, no, no)  
VVS stones buried in that stainless
