Nafe Smallz

She fell in love with a G  
I fell in love with that pussy  
She just want a freak  
She don't want no rookie  
Diamonds for my queen  
She's ridin' like she should be  
Hidin' the machines  
I had the police lookin'

Yeah  
Got four or five bricks at the bando, doll  
What you think you in the bando for?  
Took the whole town to war  
Why you think the workers got Rambos for?  
And she a vegan bitch but I put this meat straight in her jaw  
And she a Jewish girl but I put that bitch Christian (Uh huh, yeah)  
Baby, don't panic, yeah  
No, we cannot plan it, yeah  
Can I eat in Paris, yeah? Can I eat in Marrakesh? Uh  
And I'm whippin' up crack and the coke ain't good  
So it still ain't vanished yet  
And my young G keep bringin' hoes to the trap  
So I keep gettin' mad at him  
She said that "You so romantic", yeah, yeah  
But know on the side I eat it casually, yeah, yeah  
Take it off my neck then you can have it, yeah, yeah  
Catch one in your neck you try and grab it, yeah, yeah  
Addicted to these drugs 'cause I'm a addict, yeah, yeah  
She got her squirt water all over my fabric  
She a good girl, she my bad bitch, yeah, yeah  
You take it, then you can have it, yeah, yeah

I call the shots but this shit ain't no free throw  
She hit the spot, ooh, lil bad bitch give me deep throat  
Keepin' it G, so I might fly to Puerto Rico  
I keep my ice on, your sex givin' me heat stroke  
After the club I'm gon' make her cum all over the Vito  
She want a thug, so my nigga fuck on her like a hero  
Said I'm too outlandish, I got freaky habits  
Can't keep it balanced, I just keep it savage  
S'up, G? I'm baddest, keep them hammers  
I've got foreign thots, they don't speak my language  
Scream in Spanish, I still keep it lavish  
My Louis fabrics  
I get it wet wet wet wet, she don't wanna leave the kid alone now  
I need to double up the cheque, bitch, there ain't enough for me to go 'roun

Ice on me, froze down, aye, and I'm smokin' up the whole pound
