

Eyy...

Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
It's all that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah

Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
With more that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah

Times I spent reminiscing my mind in the past, yeah
All them nights we spent, I'm wishing that them nights would last, eyy
When I told you I'd do anything for you, that's from the heart
Yeah
And you know I keep it true to you, baby, right from the start, yeah

I been out grinding for so long, I don't know nothing different, yeah
Every time she waiting on me, I be on my missions, yeah
And the little time I'm spending, all that I can give, yeah
But I promised I'd be there, so you know Imma be there

Doin' 120 in the AMG I'm in different lanes, uh
Everyday I'm makin money, how could I complain, yeah
I remember I had nothing up on my name, yeah
When I look around man it's so fucked up how things can change

When we out here it's just you 'n me, yeah, ayy
You be by my side shining like jewelry, yeah
'N you kno' that I stay high, but there ain't no fooling me
That's all I need, yeah, that's all I need

Eyy...

Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
It's all that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah

Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
With more that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah

Every time that we get closer, I let go some of the past
When I'm thinkin 'bout this life, I'm thinkin' is what actually last
So all my effort and my grinding made me stand out in the class
But I wonder what it's worth when it's world you tryna grasp

A lot of time I felt the pain but I ain't droppin out no tears

All my loyalty for you remained the same throughout the years
When you lookin' at my baby can't deny u see the real
All my rights and all my wrongs that make 'em judge me I can tell

Yeah, still I count these racks when I'm on the go, yeah
When I pull up on her she gone tell me that she wan my lovin' slow, yeah
When I hit the crib, I be high as fuck, tryna roll some more, yeah
'N I never sleep, na, it's 24 I be on the go, yeah

When we out here it's just u 'n me, yeah
I have you shinin' like my jewelry, eyy
Ain't no way nobody be foolin' me
I need all of u 'n u need all of me...

Eyy...
Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
With more that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah

Sometimes I sit and think, yeah
What kinda' life is this, yeah
All my rights 'n wrongs
It's more that I can give
Yeah, we're gettin' closer now, yeah
Gone, we're goin' global now, yeah
