Take some long arse trip, do the shit we want

While I'm young, while I'm young

I get off the shit, started from a kid

Got addicted, got addicted to you, to you

Started from a kid, I get off the shits

Got addicted, addicted to you, you, yeah

I might just need one more cup of this shit

Roll another blunt, call my shawty, quick

Tell her how it is, how it is

Put my school on hold, buy another phone

Take some long arse trip, do the shit we want

While I'm young, while I'm young

I get off the shit, started from a kid
