

In The Zone

Nafe Smallz

We alone, we just hit the zone
Ain't no one to phone, just us alone
Nowhere left to go
This shit just how she want, she let me know
I just touched the sauce, she said "Don't let me go"
I bet she wrong
She said I'm the man and I said "Yeah I know"

And yeah yeah all that I need is
The money and someone like she is
Them bitches, they trip for no reason
So we ain't basing this shit on your feelings
How you be waitin' up all through the evenin'
Or how I focus so much on achievin'

We alone, we just hit the zone
We alone, we just hit the zone
We alone, we just hit the zone
We alone, we just hit the zone
Let's roll one tonight
Let's smoke one tonight
We alone for the night
You know just what I'm like
We alone, we just hit the zone
We alone, we just hit the zone

We alone, we just hit the zone
I'm about to make a move, gonna make her nude
These niggas, they ain't wrong
Y'all niggas said I be numb when I take it slow
Look em all weed we roll
Take another trip she know, low
Told her when we hit the zone
There's not a lotta shit she know, no

So all I need is this love for me
Still shawty's pussy like drugs for me
All this weed and this blur for me
Still, I ain't high without her on me nah

Na na na you
I don't know 'nother girl do it like you
You can go tell 'em 'bout what we do
You can go tell 'em what we do, nah nah

And yeah yeah all that I need is
The money and someone like she is
Them bitches, they trip for no reason
So we ain't basing this shit on your feelings
How you be waitin' up all through the evenin'
Or how I focus so much on achievin'

We alone, we just hit the zone
We alone, we just hit the zone
We alone, we just hit the zone
We alone, we just hit the zone
Let's roll one tonight

Let's smoke one tonight
We alone for the night
You know just what I'm like
We alone, we just hit the zone
We alone, we just hit the zone
