Nafe Smallz

It's me and the slime, makes 42  
Stackin' this money, it's all for you  
Me and my niggas, you know how we do  
I get with the gang gang, we'll tell you if it's cool, mmm

I just put on like a quarter in jewels  
The game in a knot like I'm tying my shoes  
Came in this bitch with my clique and my goons  
They hate that we breakin' the rules  
I came in here like I got nothin' to lose  
I'll buy her the crib with the gym and the pool  
Give her this dick, I give her the booze  
I'm throwin' the money and watchin' it fall

They know that we gettin' money already  
The zone with the boy and we comin' in heavy  
I fuck a celeb, I ain't cuffin' a jezzy  
I did it for Shy and I did this for Delly  
I'm here with the clique, I'm here with the bros  
Hustle and get it, this life that I chose  
I'm never checkin' the price on them clothes  
I'm shoppin' for eight 'cause buildin' them homes

Yeah, yeah, Roley flooded on the wrist, yeah, yeah  
Yellow diamonds like piss, yeah, yeah  
Ace of Spades or the Cris', yeah, yeah  
They be catchin' my drift, yeah, yeah  
Cookie's burnin' in the spliff, she said "What a life I live!"

We went from club to club to under the covers  
Might fly in the winter and stay till summer  
I grew in the place you don't trust nobody  
So I had to learn not to be changin' on me  
My traits they come from the plain, homie  
Givin' thanks that I'm outta the rain  
I never knew I would be here when I was out sellin' cocaine

I never gave up, had to find a way  
Hustle, no matter the time of day  
I never listen to what they say  
Now I be steppin' the finest way  
My crib in the sticks, she can't find the way  
Money legit, I been flyin' straight  
I put on all this ice and flex  
Still wish I could go back to back in the day

I just put on like a quarter in jewels  
The game in a knot like I'm tying my shoes  
Came in this bitch with my clique and my goons
